Subject: Glyphosate public comments info
Attachments: Glyphosate Interim Registration Review Decision Case Number 0178.pdf; Glyphosate Proposed Interim Registration Review Decision.pdf

Hey Andy – sending this information your way. It might be helpful for OGC/DOJ to reference how much stakeholder involvement we have received for past glyphosate actions and give insight to the amount of resources and time we might need for any future actions. I have attached the PID and ID for reference if you need to take a look if needed and here is a link to the EWG docket: <https://www.regulations.gov/docket/EPA-HQ-OPP-2019-0066>.

Glyphosate registration review docket:

- DRA comment period – 238,290 comments
- PID comment period – 283,300 comments

EWG petition docket:

- 103,447 comments
